MDC Announces Program Budget

John Pope (second from left) Project Manager for C.A.A.C., (Citizens Affirmative Action Consul), addresses the Board of Trustees of the Metropolitian Development Council(MDC) on his operating budget for the 74/75 operating year.

The Board of Trustees' of the Metropolitan Development Council has approved a operating budget of 6 hundred 20 thousand 8 hundred dollars for programs and administration for the 74/75 budget year.

Of the 6 hundred 20 thousand 8 hundred dollars, programs such as Equal Opportunity, Cultural Pulalism, Educational Direct Assistance, Neighborhood Centers, Communication/ Journalism and Health were funded.

Budgets were also approved for Manpower Issue Group and a Housing Issue Group. The Board also voted to discontinue their Economic Development Assistance Program and the Housing Program.

KTAC Radio to Feature Half-Hour Community Program

KTAC AM/FM starting on October 6, 1974, will air a new Community Program designed to view some of the problems faced by Tacoma's minority community.

The program will be produced and conducted by Ron Thomas, former Seattle Disc jockey and presently, Director of the Metropolitan Development Council's Communications/Journalism Project. Ron Thomas (WILDMAN) will also hold a disc jockey position with KTAC FM.

The half-hour program titled "Community Close-up" will be aired at 9:00 a.m., every Sunday morning on KTAC 85 AM 104 FM.

South Mullen Speeders Warned

Speeders on South Mullen between South 56th and South 66th received a stern warning from the Tacoma Police Department's Traffic Division Commander. Capt. William Luebke said radar officers would be assigned to that area of the city following numerous complaints from residents of speeding vehicles.

"We monitored the traffic and determined that the complaints were entirely justified," Luebke explained. "As in so many areas of the city, we have a construction project which has temporarily closed a major arterial therefore diverting traffic onto another street. Mullen is posted at 25 miles per hour and this is a slower limit than Orchard which is closed at this time."

The traffic commander said motorists would be held to observing and obeying the posted speed limit and that his personnel would remain in the area as long as it took to change driving patterns. Similar "programmed enforcement" activities by the Traffic Division have taken place in various parts of the city where shifting traffic patterns have created congestion, speeding complaints or increases in traffic accidents.

NOTICE

TO OUR CONTRIBUTORS!

NEWS ARTICLES MUST BE IN BY TUESDAY NOON. THE TACOMA FACTS IS NOW REACHING THE PUBLIC BY THRUSDAY NOON.

Operation Mainstream To Terminate

From left to right: Cathryn Williams, Project Secretary for Communications and Journalism; Harriet Williams, Moderator of Contact; and Mabel Roberts.

Mrs. Mabel B. Roberts, Director, Counselor, and Job developer for Operation Mainstream of the Metropolitan Development Council is facing termination along with the termination of the project Operation Mainstream.

Operation Mainstream is a program designed to help low-income people, non-english speaking peoples, juveniles in need, and 55 years or older group. Mabel says the elderly make up 40 percent of the entire program.

Mrs. Roberts said, "Mainstream knows no color, creed, or religion. The program is for everyone."

"I have even went to court to help a boy who may have faced unneeded detention," Mrs. Roberts said.

The program Operation Mainstream is being transferred to a city program called CETA.

Mrs. Roberts started as a survey worker in 1965 for OEO before MDC was formed. She was also on the board of OEO before being a survey worker. Later she was appointed as Director of Operation Mainstream. During this time she has helped 365 people into better jobs and better work.

When asked of her feelings about the termination of Operation Mainstream she replied, "I had my say. There will remain no ill feelings for MDC Director, Linsey Hinand. I cannot live with my fellow man and dislike my fellow man."

Grant Application Deadline October 10

Applications are now being accepted for Mini-Grants from artists, arts, and cultural organizations in Tacoma and Pierce County, by the Tacoma - Pierce County Civic Arts Commission.

Grants not to exceed $500. each will be awarded for programs that will increase public awareness of the arts and provide additional services to the general public. There is no match requirement.

Applicants should use the Washington State Arts Commission format and attach a copy of their IRS tax exemption letter. All applications must be received not later than October 10, 1974, and no time extensions will be given.

Programs should be substantially completed by December 31, 1974, and no time extensions will be given.

Applications are to be sent to Ellida Kirk, President, Tacoma - Pierce County Civic Arts Commission, Room 338, County-City Building, Tacoma, Washington 98402.

REV. ROBERT DAVIS

Pastor

Marie Lindsay, Super Librarian

Fort Lewis has lots of civilian workforce leading ladies, among them, Mrs. Theadore Lindsay. Marie, as she is known by many has been Fort Lewis' Chief Librarian since 1951, she's in charge of providing over 20,000 soldiers and countless dependents with reading materials and reference works.

MARIE LINDSAY
... Post Librarian

As a senior at Hunter College in New York, Mrs. Lindsey worked as a page at the New York Public Library. "I made 50 cents an hour then," recalled the post librarian. "I had the job, liked it and kept on going," is how she described her climb in the book business.

After graduating from Hunter College in 1943, Mrs. Lindsay earned her Master of Arts from Columbia University before moving west to join her parents at Fort Lewis. She took the job as assistant librarian to Miss Rebecca Posey, then camp Negro librarian in September of 1945. She collected her third degree two years later, graduating from the School of Library Science at the University of Washington in Seattle.

The most challenging and rewarding part of her job since then has been the completion of Grandstaff Library, one of the most modern of its kind in the Army. "I started designing and working out floor plans in 1955", said Mrs. Lindsay. The library was built in 1971.

"The challenge of trying to do something with nothing," is what she likes best about her job. She noted that when Evergreen Library (now Crittenberger) was constructed in 1968, it had been "the first library on post built specifically for that purpose."

One last project looms ahead before Mrs. Lindsay retires in 1978. "We're getting ready to move Totem Library to Bldg. 10A6. It'll be a combined MOS and recreation library," she said. "It's been a long dream to get adequate space and good location for that fourth library."

The wise man doesn't expect to find life worth living—he makes it that way!

Michael Lorimer Classical Guitar Concert Slated at PLU

Michael Lorimer, one of the country's outstanding young classical guitarists, will appear in concert at Pacific Lutheran University Friday, October 4.

The program sponsored by radio station KPLU-FM, will be held in Eastvold Auditorium at 8:15 p.m.

A student of Andres Segovia, Lorimer at age 28 is rated as one of the great classical guitarists of the younger generation. Like his world-renowned mentor, he is a teacher, transcriber and scholar as well as a technician.

According to San Francisco critic Heuwell Tircuit, "His will be one of the great careers; he has already found a highly personal style, one that is musical to the core and utterly convincing in performance, ranking with the best anywhere."

CHRISTIAN SCIENCE LECTURE

By

Albert B. Crichlow

C.S.

from Petit Valley, Trinidad

Title: PRAYER POWER

Is it right to expect an answer to prayer?

In First Church Edifice Division Ave. and Eye St.

THURSDAY, OCT 10

8 p.m.

Enlarged Church Parking lot Enter on Eye St., across from Wright Park.

Child Care Provided.

Sponsor, First Church of Christ, Scientist, Tacoma.

Albert B. Crichlow
Christian Science Lecturer

Prayer-power provides a way out of "defaming habits, depressing attitudes, and ill health," Albert B. Crichlow, C.S., will tell an audience in Tacoma, next Thursday, October 10. The first black to become a Christian Science lecturer, Mr. Crichlow is from Petit Valley, Trinidad.

"Drawing near to the Christ, Truth, through prayer-power is God's loving means," he will state, "for the salvation of all mankind, the solution to all obdurate woes that beset humanity."

Mr. Crichlow will speak at the invitation of First Church of Christ, Scientist, Tacoma, in their church edifice at the corner of Division Ave. and Eye Street on Thursday, October 10, at 8:00 p.m. Ample parking is available in the church's parking lot, entrance on Eye street, across from Wright Park. Child care will be provided. The lecture is open to the public without charge, and all are welcome.

Mr. Crichlow was a flying officer with the Royal Air Force from 1943-46. For twenty years he was design engineer with an architectural firm in Trinidad, and later became a building contractor. He served as Christian Science Committee on Publication for Trinidad for thirteen years.

As a member of The Christian Science Board of Lectureship, he now travels extensively, sharing insights about effective prayer with public audiences.

Healings of racial prejudice as well as physical conditions through the power of effective prayer will be related in his local lecture entitled "Prayer Power".

Seven File For Model Cities Board

Seven persons have filed to run in the annual Model Cities Executive Board elections to be held Oct. 10.

Five positions will be filled by the election. Four appointed positions are also open and will be filled by Mayor Gordon Johnston and the City Council soon. The Executive Board may fill two unexpired terms after the election.

Two polls will be open to Advisory Association members for voting on Oct. 10. One poll will be in the County-City Building, 2nd Floor Lobby, from 8 a.m. to 6:30 p.m., and the other will be in the Tacoma Urban League, 1704 S. K St., from 8 a.m. to 5 p.m.

The annual Advisory Association meeting will be held after the election in the City Council Chambers on Oct. 10 at 7:30 p.m.

Candidates for election have made the following statements:

Deloris Brown (resident): Community Activities-Model Cities Executive Board, Model Cities Health Task Force, involved in community projects.

"I feel that my previous involvement in Model Cities provides me with valuable experience and knowledge to benefit the citizens of Tacoma. Therefore, I am seeking re-election to the Executive Board."

Charlotte Holmes (resident): Community Activities-Downtown Tacoma Boys Club Parents' Club and YWCA handicapped swimming program.

"I would like to remain involved in the activities of my community. My special aim is to somehow in a small way guide the youth and inspire the senior citizens."

Nancy McIntyre (resident): Community Activities-former Social Services Task Force chairman, Model Cities Executive Board, District 10 school teacher.

"I am interested in city government and also what is happening in the Model Neighborhood. I am especially concerned about housing and drugs."

Beulah Rankin (resident): Community Activities-Executive Board, delegate to Northwest and National Citizens Participation Councils, active in church affairs, and member of several clubs.

"I have been serving the community for 18 years and on the Model Cities board from its inception. I love my neighbors and my community and want to continue to work in their interests as a board member of M.C. Executive Board. Otherwise, I will support your ideas and ideals."

Ruth Daniels (non-resident): Community Activities-Model Cities Executive Board, Executive Board Secretary, Correspondence Secretary National Citizens Participation Council, board member for Region X and National Citizen Participation Council, UGN Budget Committee, Pierce County Health Council board, Black Forum, Urban League.

"I am a concerned citizen who wishes to insure that citizens from the Model Cities Neighborhood area and other interested citizens have the opportunity to voice their opinions and be heard in all phases of federally funded and other programs within our city. I now serve you on the local, state, regional, and national levels of Citizen Participation Involvement and would like to continue to serve you as in the past."

Charlotte Valbert (non-resident): Community Activities-Model Cities Executive Board, League of Women Voters, PTA, Girl and Boy Scouts, life long resident of Tacoma active in local improvements.

"My knowledge gained in 2 years service may help the constructive ideas developed through Model Cities to be continued and spread through the entire city where applicable."

Zelma McChristian (resident): Community Activities-Tacoma Urban League, Minority Concerns Task Force, PTA, Bold Thrust executive board, and Model Cities Housing Task Force.

"The Model Cities Program appears to be phasing out. I strongly feel that a move should be made now to utilize whatever means and time the program has left in order to get the maximum benefit for the maximum number of people. I want to be a part of that move. If not now--when?"

6027 S. Tacoma Way, Tacoma, WA GR4-0761

a HUD acquired home in a location that's right for you

EQUAL HOUSING OPPORTUNITIES

from $13,500 to $37,500

Throughout western Washington, and particularly in Pierce, King and Snohomish Counties, the Department of Housing and Urban Development (FHA) has acquired many fine homes in many locations and price ranges. These homes range from a quaint cottage to one of many fine homes in well-established subdivisions throughout the Puget Sound area.

Before an acquired home is offered for sale, HUD makes certain it can warrant the home to be structurally sound, with heating, plumbing and electrical systems in good operating condition. (Since these are "used" homes, no warrant is made against normal "wear and tear" defects). Local contractors have made repairs and alterations; have refinished and repainted. Some homes have even been landscaped.

Home prices are determined by experienced HUD appraisers. They have a thorough knowldege of houses, of the area, and of the market. Right now, home prices are the lowest they have been in years. You can be certain they will go up again - soon. Act now, your home is waiting for you....clean, neat and empty.

These HUD acquired homes are easy to find: ask any salesman in almost every real estate office about a HUD acquired home that is right for you. Easy terms, quick possession.

All homes are "open listings", available to any prospective purchaser regardless of race, creed, color or national origin. See the Real Estate broker of your choice today.

Something To Think About

FAMILY TOGETHERNESS

BY Barbara Henderson

Many parents have spoken of disrespect from their children, and this disrespectfullness is coming from our own community. I have seen brothers with well paying jobs who spend the money on themselves when they could be helping the family out of a financial problem. You should help your Black family financially as well as mentally. For example, talking to your brother or sister or encouraging your mother to run for a community position. All in all, simply communicating with each other. Black families are becoming infected with a lack of communication and understanding. We must purify this infection with togetherness, and this communication goes much further than telling your mother what you did in school.

A happy family is the best family to have. I might add, giving respect to your family is not such a bad idea considering, you will gain respect from them.

Consequently, I think we should better the Black community by getting our home lives together. If we strengthen our family, the results will obviously be a strong and capable community.

Is your family life together??? I need your letters. Please write to me, Barbara Henderson in care of THE TACOMA FACTS. Thank you.

Color is No Object

By Mr. Imara

Can a black mayor serve all the people? Tacoma News Tribune article of Sunday, September 22, 1974, is ludicrous in the face of the facts that there have been six persons of black ancestry to serve as President of the United States: (1) George Washington, (2) Warren G. Harding, (3) Thomas Jefferson, (4) Andrew Jackson, and (5) Abraham Lincoln.

The media industrial complex perpetuates the "skin game" in this country by pitting color against color in unjustified editorials such as the above-mentioned one. Alexander Hamilton has long been in dispute as being of black ancestry. White American authors deny it. The entire Western Hemisphere can realistically be labelled a nation of mongrels, what with the hundreds of years of racial mixing.

There are millions of Tom Bradley's in this country passing as white, so let's get off this divisiveness of playing the "skin game". Color is no barrier to a person's character or intelligence; and true concern for humanity, be it rare, knows no racial boundaries.

EQUAL EMPLOYMENT/AFFIRMATIVE ACTION WORKSHOP

The Tacoma Citizen Affirmative Action Council is presenting a workshop on equal employment opportunity laws and affirmative action.

The workshop will be held at McCarver Elementary School, 2111 South Jay Street in the Auditorium on Saturday, October 12th. Registration will begin at 8:00 a.m. until 9:00 a.m., and workshop activities are expected to last until 4:30 p.m.

The purpose of the workshop is to inform individuals of the State and Federal laws related to job discrimination, fights of individuals protected by the law and the methods of enforcement of those laws.

Speakers from Federal, State and local equal employment agencies will be available to answer questions from the audience.

Affirmative Action and Contract Compliance will also be a main topic, which should be of particular interest to employers as well as employees.

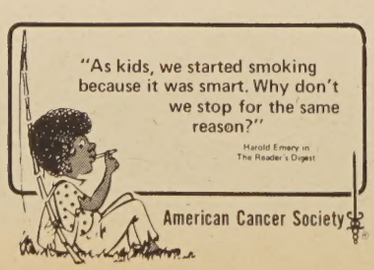
The workshop will be free to the public and everyone is urged to attend.

Tacoman Appointed to National Media

A Tacoma resident has been appointed to the board of directors of the National Black Media Coalition as Western Region representative.

Harriet Williams has recently accepted the position on the national board which is trying to organize black groups who are working to improve communications media. Mrs. Williams is president of the Tacoma Media Action Council and works for Tacoma Model Cities as community involvement specialist.

Mrs. Williams has been host and producer of a number of local television and radio talk shows including "Contact", "Turned On", and "City Forum". She is currently hosting a monthly program called the "World of Women" which explores the emerging role of women in our society.



"As kids, we started smoking because it was smart. Why don't we stop for the same reason?"

THE FACTS—SPORTS SCENE

Sports Record Book

by Brian Jaybush

'Ouch'

" The final score shining bright and clear on " the scoreboard in Husky Stadium last Saturday read: U of W 15, Texas A & M 28. But elsewhere in Mudville, er, Seattle, nothing at all was shining. In particular, the face of Husky coach Jim Owens was so long, rumor had it Evil Knievel was contemplating using it for a practice jump site.

"We tackled better, we were more aggressive," Owens said glumly. "This ball club was capable of beating A & M and we let it get away from us.

"This is no moral victory. We had the opportunities to win this game. That's what makes us so sick."

JIM OWENS
...not happy

Unfortunately, though, the Huskies did let those opportunities slip away, for whatever reason. And armchair quarterbacks throughout the stands could see things that might have been different:

•On three different occasions, one third down and two fourth downs with extremely short yardage needed, the Huskies elected to pass the football to keep their drive going. All three passes failed.

•In the A&M fourth-quarter drive that resulted in what proved to be the clinching Aggie touchdown, twice the Huskies thought they had stopped A & M--only to have the officials disagree, and award Texas first downs by inches.

Things look different from the stands than from the field, though. And things look different from the stands than from the field, though. And things look different to those watching the game than to those participating in it. Those short-yardage passing plays, for instance; when you study the post-game statistics, you see that the odds favored a pass-completion over a run for Washington. The Huskies out-gained A & M through the air 130-126 yards, while being swamped on the ground, 178 yards for A & M to 89 for the UW. Had the passes worked, Husky strategy would have been heroic. Instead, the game was lost.

And as for that A & M drive--well, all Owens could say about it was, "72 yards, 17 plays, 7 minutes. That's their game and we let them get away with it." Why they got away with it was not just those close first-down calls--it was a little screen pass to the tight end about which one Husky defenseman said, "They only passed 12 times before this game--we'd never seen that pass before. That pass was what really hurt us, made the drive go."

There were a couple of bright spots in the day. Probably the biggest bright spot was the showing of the Husky team, even in losing. A & M --rated seventh in the nation before the game, now rates as high as fourth--may just be the toughest team the Huskies will play all season, and the game was played to a virtual standoff. The difference in the final score comes from accidents or "mistakes". On Saturday they happened to hurt Washington; but had they gone the other way, the Huskies would have been the proud victor... and Texas would have been sitting silently in their locker room, contemplating why they lost.

The other bright spot was actually kind of a foreboding one. It was the final score in from Austin, Texas, where Washington's next opponent--the University of Texas--was being taken apart by Texas Tech, 26-6. Texas is going to be "madder than hell," Owens lamented. "They got stomped."

Well, the Huskies didn't exactly get stomped, which was perhaps a worse fate--losing a game that everyone admits you "should have won." And if the Huskies aren't "madder than hell," at least they certainly aren't thrilled about losing to A & M. Or as Jim Owens snapped when someone facetiously told him he didn't look too happy, "Well, would you be?"

TCC Declares 74-75 a Jubilee Year

Trustees of Tacoma Community declared the 1974-75 academic year a Jubilee Year, appointed a personnel director and an acting director of occupational education, agreed on contract terms for the acting president and for the college classified staff, and voted additional funds to the construction of a microbiology laboratory in their regular September meeting last week.

The Jubilee Year declaration by Trustees acknowledges the college's tenth year of service to the greater Tacoma area. Trustees unanimously authorized activities appropriate to the occasion. A schedule of activities in recognition of the tenth year is currently in the planning stage.

Carl R. Brown, currently Director of Minority Affairs and Affirmative Action Officer for the the college, will assume his additional responsibilities as Personnel Director effective immediately. Brown's new duties include both classified and academic personnel.

Donald R. Gangnes, Manager of Allied Health programs for the college, was appointed Acting Director of Occupational Education. He will serve in that positionduring the time Dr. Robert R. Rhule is serving as acting college president.

Contract terms for acting president Robert R. Rhule were set for the period of time of his service in that position. Rhule's salary is to be based on an annual figure of $29,500.00. Fringe benefits are the same as those accorded Thornton M. Ford, former TCC president.

Trustees ratified an agreement which had been negotiated for classified staff between representatives of the Washington Federation of State Employees and the Board. Classified staff members had already ratified the agreement.

Additional contingency minor capital funds in the amount of $9,300 were approved by the Board for the completion of a Microbiology Laboratory. The total figure now allocated is $21,300. In related action, the bid for furnishings and installing equipment from the American Seating Company was accepted.

Trustees tabled a resolution which asked them to grant a 5% cost of living raise to college administrators, on advice from the Attorney-General's office. Contract provisions do not allow salary adjustment during the period of the contract except by action of the Legislature or by the assignment of additional duties. In lieu of that resolution, Trustees adopted a resolution which provided that, "while salary increases for administrative personnel are legally precluded at the present time, the Board expresses its unequivocal support of the administrative staff at Tacoma Community College and recognizes the dedicated effort they have made on behalf of the college," and further provides, "the Board indicates its firm intent to provide salary adjustments for administrative personnel at the earliest feasible time." That time, presumably, would be at the end of the current contracts, June 30, 1975.

In other action, the Board authorized the acting president to submit a proposal for funding as a developing institution under Title III of the Higher Education Act of 1965, authorized the requesting of bids for an occupational addition to TCC's building 19, and commended Mr. Chet Salvi for the donation of six bicycle racks to the college.

Land For Garden Project Sought

Owners of vacant space in any part of Tacoma (preferably the Hilltop area) may profit by offering it for community gardening in a 1975 project getting started this fall.

Through the sponsorship of the Tacoma Urban League, a VISTA (Volunteer In Service to America) project is attempting to secure land to be used for vegetable gardening. The program will be making space available for gardening to be carried out by interested youth, families and senior citizens. So please, if you are interested in sharing your land and at the same time have your land cleared and the soil condition improved, call the Cross-Age-Tutoring Department at the Tacoma Urban League (383-3007) and ask for Tom Gregory.

How to save money on your Long Distance calls.

1. Dial direct whenever you can.
When you dial interstate calls direct from your home or office phone without operator assistance, you can almost always save. For representative rates and details on when dial-direct rates are applicable, see the rate chart below.
2. Call at the times when rates are lowest.
Interstate Long Distance rates—especially dial-direct rates—are lower on weekends, in the evening and late at night. Savings can be big, as you can see from the rate chart.
3. Plan your conversation in advance.
If you know in advance what you wish to talk about—perhaps even make some notes—you'll be able to share more news and get more accomplished in less time. And this will save money.
4. Call person-to-person only when absolutely necessary.
Person-to-person calls are far more expensive than station-to-station calls—especially dial-direct station calls. In some cases, as indicated in the rate chart, you can get more than two dial-direct calls for the price of one person-to-person call.

Coast to Coast Long Distance rates

		Station-to-Station Dial-it-Yourself	Station-to-Station Operator-Assisted	Person-to-Person
Weekends	8 a.m. to 11 p.m. Sat. and 8 a.m. to 5 p.m. Sun.	70c first 3 minutes	$1.40 first 3 minutes	$3.55 first 3 minutes
Evenings	5 p.m. to 11 p.m. Sun. through Fri.	85c first 3 minutes	$1.40 first 3 minutes	$3.55 first 3 minutes
Nights	11 p.m. to 8 a.m. daily	35c* first minute (minimum call)	$1.40 minimum call (3 minutes)	$3.55 minimum call (3 minutes)
Weekdays	8 a.m. to 5 p.m. Mon. through Fri.	$1.45 first 3 minutes	$1.85 first 3 minutes	$3.55 first 3 minutes

Rates shown (tax is not included) are for the days, hours and durations indicated, and for the types of calls specified at the head of the columns. Rates may be even less, of course, on out-of-state calls for shorter distances.
These dial-it-yourself rates apply on all coast-to-coast interstate calls completed from any non-coin telephone without operator assistance or from any non-coin phone where direct dialing facilities are not available. Dial direct rates do not apply to person-to-person, coin, hotel-motel guest, credit-card, collect or to calls charged to another number, because an operator must assist on such calls.
*One minute minimum calls available only at the times shown, and additional minutes are 20c each coast to coast.
